## A MESSAGE FROM PRESIDENT RON HUDSON- DWP TRUNK LINE PROJECT 2015

3:12 PM

[No comments](#)

Dear Bel-Air Neighbors,

I am writing to notify you of upcoming Los Angeles Department of Water and Power (DWP) work on Hilgard Avenue. DWP will be installing approximately 385 feet of trunk line at the intersections of Sunset Boulevard and Hilgard Avenue and on Hilgard Avenue south of Charing Cross Road.

This new trunk line will assist as DWP removes the Upper Stone Canyon Reservoir from service to install a floating cover. It also allows DWP to provide redundancies not currently available in the system to allow for future maintenance and/or during emergencies.

The project is currently scheduled to begin in June of 2015, and to be completed in January of 2016. While traffic along Sunset Boulevard and Hilgard Avenue will be impacted, it is clear other streets will be as well.

The Bel-Air Association is working with DWP, Department of Transportation, Building & Safety, and the Council Office to better understand the logistics and mitigations that will be in place as well as to identify the appropriate contact people if there are concerns. We will continue to update you as the construction gets closer and we have more details and information.

Recommend this on Google
