Subject: RE: Hadid 901 Strada Vecchia URGENT

Thank you for your summary of emails.

The Bel-Air Association's believes that there are no enforceable deed restrictions in affect on the property located at 901 Strada Vecchia.

Accordingly at this time, the Bel-Air Association will not be taking a position on the project.

While the Association was happy to offer a meeting next week in order to discuss the details of the project we do not feel that it would be a benefit to either of the parties – therefore the meeting has been cancelled.

Thank you.
